1. Personal Information

- Name: Gábor Kövesdán
- Nationality: Hungarian
- Resident of: Budapest, Hungary
- Birth date: 2 Aug, 1987
- Gender: Male

2. Contact Information

- Mailing address: Pozsonyi u. 2/b, Budapest, 1045, Hungary
- Phone: +36 30 434 04 06
- E-mail: gabor@kovesdan.org
- WWW: <http://www.kovesdan.org>

3. Technical Skills Summary

- Software development: C, make, shell scripting
- Software engineering management: CVS, Perforce, SVN, GNATS, Request Tracker
- System administration: FreeBSD, Linux, Apache, BIND, Mailing systems with spam filtering tools, MySQL, PostgreSQL, IRC networks, packet filtering
- Technical documentation: SGML, HTML, DocBook, CSS

4. Technical Experience

- T-Hosting.Hu System Administrator: I administer some Internet services for T-Hosting.Hu. We offer web, e-mail and database hosting and also provide domain registration. We do this in a flexible way, if one has special needs, we always try to find a solution for the client.
- Google Summer of Code 2006: I made some FreeBSD Ports Collection infrastructure improvements. The FreeBSD Ports Collection is a complex system to fetch, compile and install third-party softwares for FreeBSD. It is entirely written in BSD make with embedded shell scripts and a bit of awk. The main Makefile is about 6.000 lines.
- Google Summer of Code 2007: Similarly to the previous year, I made some infrastructure improvements on the FreeBSD Ports Collection again. It included a rewrite of the DESTDIR feature I wrote previous year and a big cleanup to Perl ports.
- FreeBSD Ports: I maintain some FreeBSD ports. These can be installed manually from the Ports Collection, and the official packages are also built from these ports. You can find a list of the FreeBSD ports I maintain here: <http://people.freebsd.org/~fenner/portsurvey/gabor@freebsd.org.html>.

5. Education

- 1995 - 1998: Elementary School with German Department
- 1998 - 2006: Babits Mihály secondary grammar school
- 2006 - : Technical University of Budapest, Computer Science (BSc)

6. Language Skills

- Hungarian: Native
- English: Level C1
- German: Level B2
- Spanish: Level B2
- Dutch: Beginner

7. Other areas of interest

- Learn foreign languages
- Photography

- Music and playing guitar
- Reading any kind of books
