

EMPLOYER DISCLAIMER OF RIGHTS

We agree that software and other authored works of the 'Released Category' (defined below), made by our employee/consultant, David E. O'Brien, prior to the date of this document, and for infinite years thereafter, are freely assignable by said employee/consultant to Free Software Foundation (FSF) for distribution and sharing under its free software policies. We disclaim any status as the author or owner of such works.

The Released Category comprises the GNU Binutils software suite.

We affirm that we will do nothing in the future to undermine this release. If we have or acquire hereafter any patent or interface copyright or other intellectual property interest dominating the works, or the programs to which these works constitute changes and enhancements, or use of those programs, then the Free Software Foundation and the general public will be permanently and irrevocably licensed to use, in these works and in the programs they enhance, without royalty or limitation, the subject matter of the dominating interest.

We make no warranty as to the quality of the material or as to the presence or absence of rights therein of any other party, and we do not purport to disclaim, release or grant any rights other than our own.
